

# Outreach Clinic

**For Children and Adults with Autism, PDD, AD(H)D,  
Allergies, Immune Dysfunction, Behavior Disorders,  
Lyme Disease, Chronic Fatigue, and more**

## Coming to Arnold, MD

**May 14 & 15, 2010**

Friday & Saturday 9:30am - 5:00pm by appointment only

**Janelle Love, M.D.**

Chesapeake Medical Center  
1300 Ritchie Hwy, Suite B  
Arnold, MD 21012

**Outreach Clinics** offer families a full service opportunity to begin biomedical interventions by providing an on-site physician, an experienced pediatric phlebotomist, and comprehensive biological testing panels at discounted prices. In accordance with the comprehensive approach, a special panel of tests has been specifically designed to detect the most common imbalances associated with nutritional deficiencies, immune issues, digestive disorders, metabolic imbalances, allergies, infectious conditions, and issues associated with oxidative stress. Performing multiple tests increases the chances of identifying all areas likely to contribute to symptoms at hand and knowing the full scope of the patient's metabolic state will assist the physician to better design a treatment plan that is specific to the patient's needs. Restoring balance to all functions of the body produces a synergy that cannot be achieved by addressing abnormalities individually. The physician will address any concerns about the relevance of specific tests.

**Janelle Love, M.D.**, is a board certified family physician who practices with a functional medicine approach. She investigates the biochemistry imbalances, immune dysregulation, gastrointestinal problems, and toxin exposure of her patients and addresses each. Since 2004, she has lectured on topics dealing with the biomedical aspects of autism all over the East coast.

Dr. Love founded the Autism Relief Foundation in 2008; a nonprofit organization which helps children all over the nation pay for biomedical services that insurance does not cover. She is also the author of a children's book series which consist of social stories to help the children with autism understand what is really happening in their bodies.

\* Please note: The IgG Food Allergy Test may not be covered by Blue Cross/Blue Shield PPO insurance. This test must be paid in advance via cash, check, or credit card at the clinic.

# Clinic Costs

- **Dr. Love's initial 30-minute consultation is charged at \$215.00** and is due at the time of the Outreach Clinic appointment via check or cash.
- **The phlebotomy fee is \$30.** An experienced pediatric phlebotomist will perform all necessary laboratory procedures for blood & hair collection.
- **The HELPCard:** If approved, the HELPCard can be used as a credit card for healthcare financing. Call the Outreach Team for details at 859-261-4503.
- **For testing fees:** See discounted test panels.
- **All other specimens** (urine and stool) will be collected at home. Any other recommended test kits will be available at the clinic to take home for collection.
- **Prepaid FedEx envelopes** are in all kits to return specimen(s) to GPL.
- **Test results** will be sent to Dr. Love's office within 4-6 weeks.
- **The follow-up appointment with Dr. Love is billed separately at an hourly rate of \$285.** The follow-up appointment is 2 hours and will take place in Dr. Love's private office to review laboratory test results.
- **After reviewing test results,** Dr. Love will develop a treatment plan for each patient individually.

# Insurance Information

- **BlueCross BlueShield PPO is the ONLY** insurance accepted at outreach clinics for laboratory testing and phlebotomy fees.
- **To determine the amount of coverage,** contact BCBS PPO and provide them with the CPT Codes, which will be provided in the confirmation e-mail once the appointment has been scheduled. Most testing is covered; however, it is not guaranteed that BCBS PPO will cover any or all testing at 100%. It is the patient/parents' responsibility to check with BCBS to inquire about covered costs & co-pays/deductibles.
- **Please be advised:** We are unable to accept Medicare, Medicaid, Champus or Tricare plans for payment for any fees or services at the outreach clinic.
- **Special discounted prices do NOT apply** to anyone for whom insurance is filed.
- **If insurance is NOT being filed,** the total amount is due at the time of the appointment and may be paid via check or credit card.
- **A medical receipt with CPT and diagnostic codes will be provided** and may be submitted to your insurance company (by you) for reimbursement.

**Cancellation Policy:** A minimum of 15 patients must be signed up 14 calendar days before the clinic date. Such policies must be enforced in order to prevent last-minute sign-ups and to ensure accurate planning. This does not mean that appointments will not be taken after the 14-day cutoff; however, it is asked that patients schedule appointments as soon as possible in order to ensure the clinic will take place.

**In the event of cancellation by the patient, please contact The Outreach Team at 859-261-4503 at least 72 hours prior to the appointment. Failure to provide ample notice will result in a charge to your credit card in the amount of the physician's fee.**
