April 17 & 18, 2010

Saturday & Sunday 9:00am - 5:30pm by appointment only

Michael Mason-Wood, N.D.

Optimum Wellness Naturopathic Clinic
356 Saddleback Road, Edmonton, Alberta T6J 4R7
(For directions visit www.optimumwellnessclinic.ca)

Outreach Clinics offer families a full service opportunity to begin biomedical interventions by providing an on-site physician, an experienced pediatric phlebotomist, and comprehensive biological testing panels at discounted prices. In accordance with the comprehensive approach, a special panel of tests has been specifically designed to detect the most common imbalances associated with nutritional deficiencies, immune issues, digestive disorders, metabolic imbalances, allergies, infectious conditions, and issues associated with oxidative stress. Performing multiple tests increases the chances of identifying all areas likely to contribute to symptoms at hand and knowing the full scope of the patient's metabolic state will assist the physician to better design a treatment plan that is specific to the patient's needs. Restoring balance to all functions of the body produces a synergy that cannot be achieved by addressing abnormalities individually. The physician will address any concerns about the relevance of specific tests.

Michael Mason-Wood, N.D., was born and raised in the Yukon. He received a Bachelor of Science (biology) from Simon Fraser University in Vancouver, BC and a Doctor of Naturopathic Medicine at the Canadian College of Naturopathic Medicine in Toronto, Ontario. Dr. Mason-Wood is a licensed Naturopathic Physician in the province of Alberta and recently moved his Naturopathic practice from Fort McMurray to Edmonton, Alberta.

Since seeing his first autistic patient several years ago, he has developed a passion to help improve the lives of children and adults on the autism spectrum. Utilizing the Defeat Autism Now! approach as well as traditional naturopathic medicine, he has seen outstanding results in the health and well-being of many children on the spectrum. Dr. Mason-Wood completed his first official "Defeat Autism Now!" clinician training in February 2010.

Scott Clack, N.D., will consult on each child's case, along with Dr. Mason-Wood at the clinic to share his knowledge and experience of the Biomedical Approach. Dr. Clack is the founder of Touchstone Naturopathic Centre, and was a director of the B.C. Naturopathic Association for ten years. He was also selected as Naturopathic Doctor of the Year by the Ontario Association of Naturopathic Doctors in 2005.

Dr. Clack has a special interest in the care of children with neuro-developmental disorders. He completed training as a Defeat Autism Now! practitioner in September 2005, May 2008 (Clinician Level 1) and April 2009 (Clinician Level II). In his private clinic he has treated over 400 children on the autism spectrum since 2001. He consults for The Great Plains Laboratory, Inc. of Lenexa, Kansas; has authored research papers on GF/CF diets and treatment of bacterial and yeast infections; and has spoken at numerous conferences throughout the United States and Canada. Dr. Clack is pioneering naturopathic treatments for autism in Canada without the use of prescription medicines.

Clinic Costs

- **The initial 30-minute Outreach Clinic consultation will be charged at \$200 CDN** and is due at the time of the Outreach Clinic appointment via cheque, cash, or credit card (Visa/MasterCard).
- **For testing fees:** See discounted test panels above. All fees for the testing are quoted in US dollars and payment can be made via major credit card (Visa, MasterCard or Amex) or via USD money order/bank draft.
- **Shipping fees for the return of the specimens are included in the test panel prices. Individual tests being shipped (other than panels) will be charged a fee of \$30 USD per package received.**
- **A 90-minute follow-up appointment with Dr. Mason-Wood will be billed separately at \$165 CDN at the follow up appointment.** Additional appointments will be billed at \$130 CDN an hour. The follow-up appointment will take place in Dr. Mason-Wood's office to review laboratory test results. Short appointments and phone appointments are charged at \$2.50 CDN per minute.

Additional Information

- Test results will be sent to Dr. Mason-Wood's office within approximately 4-6 weeks after samples are received. After reviewing test results, Dr. Mason-Wood will develop a personalized treatment plan for each patient individually.
- Please note these tests and doctor's fees will not be paid for or reimbursed by the Alberta Health Plan or any other provincially funded health program but could possibly be claimed as a Medical Expense Deduction on your tax return. Also, contact your Extended Health Insurance provider to inquire if they may cover some/all costs; however, most plans will only cover the consultation fees.
- An experienced pediatric phlebotomist will perform all necessary laboratory procedures for blood and hair collection. **Please note that the hair must be at least 1 inch in length. Kindly refrain from cutting your child's hair until after the clinic.**
- **All other specimens** (urine and stool) will be collected at home. Any other recommended test kits will be available at the clinic to take home for collection.
- The Great Plains Laboratory, Inc. tests may be eligible to be filed with Benecaid® recognized by Canada Revenue Agency, a Benecaid® Health Spending Account allows you to convert your family's healthcare cost into a legitimate business expense saving you 20%- 30% of your medical expenses. To qualify, an Individual must establish a Benecaid® Health Spending Account. For more information Contact Benecaid® at 1-877-797-7448 or go to www.benecaid.com. Please note that Benecaid is in no way affiliated with The Great Plains Laboratory, Inc.
- **Cancellation Policy:** The Great Plains Laboratory, Inc. has enacted a policy requiring each Outreach Clinic to have a minimum of 15 patients signed up 14 calendar days before the clinic date. Such policies must be enforced in order to ensure accurate planning. This does not mean that we will not take appointments after the 14-day cutoff; however, we ask that patients schedule their appointments as soon as possible in order to ensure that the clinic will take place. **In the event of a patient cancellation, please contact The Outreach Team at 859-261-4503 at least 72 hours prior to the appointment. Failure to do so could result in a charge to your credit card in the amount of the physician's fee.**
